MEMORANDUM FOR: Associate Director-Management
Associate Director-Substantive Support

STAT FROM : [REDACTED]
Special Assistant-NIO Support

SUBJECT : DCI Overview Testimony Before the SSCI

STAT 1. [REDACTED] of the IC Staff and project manager for the DCI's Annual Report is also the action officer for this testimony. A check with him established that he is working on a very short deadline--i.e., he has to send a draft by courier to the DCI by noon on the 2nd. Bob believes that he has more than enough material to work with, and so do I. The memo to NFIB soliciting contributions was sent at the DCI's instruction to learn whether any of the IC agencies had some particular coup they wished highlighted. I said we did not; I have been emphasizing in my various submissions that NFAC is in the process implementing improved managerial arrangements and rejuvenating its ranks, rather than already producing qualitatively better results.

STAT 2. [REDACTED] did ask whether I would review his draft after he has sent it to the DCI to make certain it contains no important errors. I agreed to do so later this week.
